# EasyAXS

EASY CONNECT. EASY ACCESS.

The new connectivity solution which boosts the potential of BFT products and services to make access automations smarter and easier to use for both installers and end users.

Parking and traffic bollards

**EASY TO CONNECT**

**WIFI MODULE**

→ 10/15 metres

**WIFI MODULE + ANTENNA**

→ 20/25 metres

**MOBILE MODULE + ANTENNA + SIM**

→ ∞

**PLUG&PLAY  
INSTALLATION**

**ALWAYS  
CONNECTED**

**EVEN MORE  
CONNECTIVITY**

**EASY TO SET UP  
FOR INSTALLERS**

**EASY TO CONTROL  
FOR CUSTOMERS**

# U-LINK 2.0

## AN UPDATED VERSION OF **U-LINK** TO GIVE YOU EVEN MORE FUNCTIONALITY

### Scalable

You can add as many devices as you want

### Intuitive

Easy to install and to use

### Functional

Settings can be controlled and firmware updated remotely using dedicated applications

### Practical

Works with or without an internet connection

### Flexible

It allows you to create groups of interconnected products

**U-Link**, the exclusive **BFT** technology platform has evolved to offer improved interaction with the latest generation of technological ecosystems. Its ability to interface with all home access automation access devices has been expanded, meaning it is now a very useful tool for installers. It is also a faster communication protocol with increased security for communicating information.

It allows you to save even more time, checking everything very easily and giving you even more peace of mind.

# **-SECURITY**

## A NEW AND EVEN MORE SECURE RADIO PROTOCOL

### → **Secure**

By transmitting data protected by a cryptographic key

**U-Security** is the new technology from **BFT** which incorporates encrypted rolling code thanks to the encryption key which masks the remote control code, meaning that it is impossible to clone a BFT remote control using another brand's model.

The functions of the **Er Ready** system are incorporated and a new procedure is also available for programming remote controls by scanning a QR CODE and using a special app. All products featuring this technology are **REPLAY**, so they can transmit the code to another BFT remote control using a combination of keys.

### → **Easy**

Pairing a remote control with a receiver can be done easily by scanning the QR code and using the dedicated app

### → **Universal**

The radio protocol is also compatible with the previous generation of receivers

INFORMATION REGARDING THE PROTECTION OF THE INDUSTRIAL AND INTELLECTUAL PROPERTY RIGHTS OF BFT. BFT S.p.A. protects its industrial property by depositing trademarks, patents, models and designs. The intellectual property of BFT S.p.A. is protected by copyright law. BFT S.p.A. also protects its know-how by taking measures to protect the technical and commercial information inherent in its company and products. All the products in this catalogue are ORIGINAL BFT MODELS and only BFT S.p.A. is authorised to produce them and market them anywhere in the world.
