# ESPAS 20-P

## ESPAS 20

El ESPAS 20-P es una máquina POF automática autónoma para sistemas de aparcamiento que funciona sin operador. Permite una programación de tarifas personalizada. Esta unidad tiene dispositivos para el pago mediante monedas y billetes.

|                                   | ESPAS 20-P                                        |
|-----------------------------------|---------------------------------------------------|
| Tensión de alimentación           | 230 VAC $\pm 10\%$ . 50Hz-60Hz                    |
| Consumo de energía máximo         | 350 W                                             |
| Consumo de energía en reposo      | 150 W                                             |
| Temperatura de funcionamiento     | 0 $\div$ 55 °C                                    |
| Dimensiones                       | 1657 x 670 x 435 mm                               |
| Peso bruto                        | 100 kg                                            |
| Interfaz de comunicación estándar | TCP/IP                                            |
| Color estándar                    | RAL7015                                           |
| Material                          | Cuerpo de acero galvanizado recubierto con polvo. |
