SMARTLIGHT VISUAL CONTROL SOFTWARE

Code	Ci	Name	Description
P975091	2606789	SMARTLIGHT SERVER	System including PC, monitor, SW licence for PGS Smartlight Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information.
135842	2605993	SMARTLIGHT VISUAL CONTROL SOFTWARE	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information.
D114200 00001	2613191	SMARTLIGHT VISUAL CONTROL SOFTWARE - 400	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information. Software for systems with up to 400 sensors.
D114200 00002	2613192	SMARTLIGHT VISUAL CONTROL SOFTWARE - 650	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information. Software for systems with up to 650 sensors.
D114200 00003	2613193	SMARTLIGHT VISUAL CONTROL SOFTWARE - 1350	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information. Software for systems with up to 1350 sensors.
D114200 00004	2613194	SMARTLIGHT VISUAL CONTROL SOFTWARE - 2700	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information. Software for systems with up to 2700 sensors.
D114200 00005	2613195	SMARTLIGHT VISUAL CONTROL SOFTWARE - UNLIMITED	Software management for the PGS Smartlight. Graphical user interface and communication service for parking guidance systems. It communicates to all installed devices and displays real-time parking availability, counting device statuses, and sign information. This system enables users to view and export numerical and graphical parking information statistics, providing occupancy information. No limits on installed sensors.

RECOMMENDED ACCESSORIES

	Cp P800163 - Ci 2613230 SERVER PC		Cp P800145 - Ci 2605945 MONITOR FULL HD 21.5" WITH HDMI CABLE
	Tower Server with Windows Server 2019 OS.		21.5" Full HD Monitor with HDMI cable.
	Cp P800157 - Ci 2613225 MOUSE AND KEYBOARD KIT		
	Kit includes USB mouse and keyboard, colour black.
