Q.BO

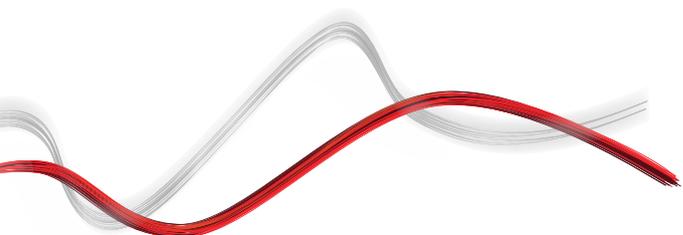

Switches for automatic gates, entrances and electric appliances

New range of key selectors

Also available in vandalproof version with metal shell

The Q.bo range also includes the Q.BO TOUCH wireless keypad

Switches for automatic gates, entrances and electric appliances

Q.BO

Code	Ci	Name	Description
P121025	2600835	Q.BO PAD	Vandalproof digital push-button panel, for outdoor use. Metal structure and s/steel buttons. Compatible with WIEGAND protocol, it ensures maximum system safety as it does not directly control the opening of the entry point. Combines with a WIEGAND receiver.
P121024	2600834	Q.BO TOUCH	Wireless digital touch button panel 433 MHz rolling code. Combines with control units fitted with built-in Bft receivers or external Bft receivers.
P121023	2600833	Q.BO KEY WM AV	Vandalproof key selector with metal structure, vandal-proof structure
P121022	2601396	Q.BO KEY WM	Key selector for outdoor use with double contact, vandal-proof structure

	Q.BO PAD	Q.BO TOUCH	Q.BO KEY WM AV	Q.BO KEY WM
Voltage	12/24 V	12/24 V		
Number of batteries		2		
Battery type		CR123A		
Frequency		433 MHz		
Protection rating	IP44	IP55	IP44	IP44

RECOMMENDED ACCESSORIES

 <p>Cp P111467 - Ci 2611262 B EBA WIE INPUT/OUTPUT</p> <p>Expansion card for connection of WIEGAND accessories, compatible with U-Link control units</p>	 <p>Cp P903026 - Ci 2611471 PHP3</p> <p>Pair of aluminium columns for Q.bo series selectors. Height 1038 mm</p>
 <p>Cp D113674 00001 - Ci 2600578 CLONIX 2E</p> <p>External two-channel 433 MHz rolling code receiver. 128 position memory. 24 V power supply.</p>	 <p>Cp D113718 00002 - Ci 2600581 CLONIX 4 RTE</p> <p>External 4-channel 433 MHz rolling code receiver. 230 V power supply.</p>

Switches for automatic gates, entrances and electric appliances

EasyAXS

EASY CONNECT. EASY ACCESS.

The new connectivity solution which boosts the potential of BFT products and services to make access automations smarter and easier to use for both installers and end users.

U-LINK 2.0

AN UPDATED VERSION OF
U-LINK TO GIVE YOU EVEN
MORE FUNCTIONALITY

Scalable

You can add as many devices as you want

Intuitive

Easy to install and to use

Functional

Settings can be controlled and firmware updated remotely using dedicated applications

Practical

Works with or without an internet connection

Flexible

It allows you to create groups of interconnected products

U-Link, the exclusive **BFT** technology platform has evolved to offer improved interaction with the latest generation of technological ecosystems. Its ability to interface with all home access automation access devices has been expanded, meaning it is now a very useful tool for installers. It is also a faster communication protocol with increased security for communicating information.

It allows you to save even more time, checking everything very easily and giving you even more peace of mind.

Switches for automatic gates, entrances and electric appliances

U-SECURITY

A NEW AND EVEN MORE SECURE RADIO PROTOCOL

Secure

By transmitting data protected by a cryptographic key

U-Security is the new technology from **BFT** which incorporates encrypted rolling code thanks to the encryption key which masks the remote control code, meaning that it is impossible to clone a BFT remote control using another brand's model.

The functions of the **Er Ready** system are incorporated and a new procedure is also available for programming remote controls by scanning a QR CODE and using a special app. All products featuring this technology are **REPLAY**, so they can transmit the code to another BFT remote control using a combination of keys.

Easy

Pairing a remote control with a receiver can be done easily by scanning the QR code and using the dedicated app

Universal

The radio protocol is also compatible with the previous generation of receivers
